Concise and original, this accessible second edition continues to act as an antidote to the behemoth art history textbooks of the past. Cultures have their own stories – about themselves, about other cultures – and to hear them all is one way to hear the multiple stories that art tells. Elkins discusses decolonizing the discipline, representing race and ethnicity, Eurocentrism, post-nationalism, and indigenous voices while examining histories of art written in China, Persia, Turkey, and India. art history 6th edition marilyn stokstad: *Later Byzantine Painting* Robert S. Nelson, 2024-10-28 Written over nearly three decades, the fifteen essays involve the three a's of the title, art, agency, and appreciation. The first refers to the general subject matter of the book, Byzantine art, chiefly painting, of the twelfth through the fourteenth centuries, the second to its often human-like agency, and the last to its historical reception. Responding to different issues and perspectives that have animated art history and Byzantine studies in recent decades, the essays have wide theoretical range from art historical formalism, iconography, archaeology and its manuscript equivalent codicology, to statistics, patronage, narratology, and the histories of science and collecting. The series begins with art works themselves and with the imagery and iconography of church decoration and manuscript illumination, shifts to the ways that objects act in the world and affect their beholders, and concludes with more general appreciations of Byzantine art in case studies from the thirteenth century to the present.

art history 6th edition marilyn stokstad: Feminisms is Still Our Name Malin Hedley Hayden, Jessica Sjöholm Skrubbe, 2020-05-22 Feminisms have played a crucial part in art, art history and curatorial practices over the last forty years. Hence, it is by now imperative to scrutinize the history of feminist theories and methods within both fields. Feminisms is Still Our Name is an anthology that critically debates the current status of feminisms in visual art and its relation to past art histories and possible feminist futures. It brings together essays by leading scholars in order to meet the urgent need both for a critical historiography and for re-vitalizations of feminist practices within written as well as visual narratives of modern and contemporary art. From a variety of perspectives, the editors and contributors to this book initiate a much-needed debate about possible strategies for a renewal of feminisms in art history and curating. At the same time, it demonstrates the necessity of further explorations and research into the diversity of feminist pasts. Indeed, this volume provides strong arguments that historiographical critique is an inevitable part of any future feminism(s). In providing fresh approaches to such important fields as feminist art history and feminist curating, the essays assembled in *Feminisms is Still Our Name* will provoke fruitful discussion about the relation between academic and curatorial feminist practices. Contributors: Renee Baert, Malin Hedlin Hayden, Lolita Jablonskiene, Amelia Jones, Mary Kelly, Griselda Pollock, and Jessica Sjöholm Skrubbe.
