the macleod place: *Scugog Carrying Place* Grant Karcich, 2013-03-30 The story of the Scugog Carrying Place is a multifaceted one, but at the core of the story is the mystery of a forgotten cabin in the woods, the story of which has not been completely told until now. Included is an exploration of how our historical heritage is being sacrificed in the race to develop farmland into industrial land.

the macleod place: Ever My Love Lynn Kurland, 2017-04-04 Two people are caught up in love—and in time—in the latest novel from the New York Times bestselling author of *Stars in Your Eyes*. In search of a fresh start, Emma Baxter has traveled to Scotland to try to forget her rocky love life. Luckily, the gorgeous Highlander who owns the house up the path from her rental cottage might be exactly the kind of distraction she needs. But there's more to his intriguing qualities than she can explain—although she certainly isn't buying into the local legends of Highland magic. Nathaniel MacLeod is a man adrift, all thanks to the unwanted gift that forces him to continually jump between centuries. He never knows if he'll wind up in the present day or the fourteenth century, but when Emma follows him back through time, he suddenly has more to worry about than keeping his separate lives straight... Someone has started to notice Nathaniel's travels and now, no time period is safe, for him or for Emma.

the macleod place: Being/s in Transit , 2021-11-22 This fifth volume of ASNEL Papers covers a wide range of theoretical and thematic approaches to the topics of travelling, migration, and dislocation. All migrants are travellers, but not all travellers are migrants. Migration and the figure of the migrant have become key concepts in recent post-colonial studies. However, migration is not such a new or exceptional phenomenon. From the eighteenth century onward there have been migrations from Europe to what are now called 'post-colonial' countries, and this prepared the ground for movement back to the old but also to the new centres of Europe and elsewhere. Travel and travel experience, on the other hand, have been part of the cultural codes not only of the West and not only of imperialism. The essays in this volume look at both kinds of movement, at their

intersections, and at their (dis)locating effects. They cover a wide range of topics, from early seventeenth-century travel reports, through nineteenth-century women's travel writing, to such contemporary writers as Michael Ondaatje and Janette Turner Hospital.

the macleod place: Land Deep in Time Weronika Suchacka, Hartmut Lutz, 2023-10-09 This volume brings together a group of most highly acclaimed Canadian writers and distinguished international experts on Canadian literature to discuss what potential Janice Kulyk Keefer's concept of historiographic ethnofiction has for ethnic writing in Canada. The collection builds upon Kulyk Keefer's idea but also moves beyond it by discussing such realms of the concept as its ethics and aesthetics, multiple and multilayered sites, generic intersections, and diasporic (con-)texts. Thus, focusing on Canadian historiographic ethnofiction, *Land Deep in Time* is the first study to define and explore a type of writing which maintains a marked presence in Canadian literature but has not yet been recognized as a separately identifiable genre.

the macleod place: Great Authors of Popular Fiction Britannica Educational Publishing, 2014-01-01 While a number of genres—including mystery, romance, fantasy, science fiction, horror, literary fiction, and thrillers, among others—comprise the broader category of fiction, few authors in those genres can claim popular crossover appeal. Culled from a variety of these genres, the authors profiled in this appealing volume have penned books that have done just that. Readers will be introduced to the lives and works of such writers as Judy Blume, Michael Chabon, Suzanne Collins, Dave Eggers, Yann Martel, Toni Morrison, and Kurt Vonnegut, learning how they achieved widespread acclaim and transcended literary conventions.

the macleod place: A Landscape with Dragons Michael D. O'Brien, 2011-05-24 The Harry Potter series of books and movies are wildly popular. Many Christians see the books as largely if not entirely harmless. Others regard them as dangerous and misleading. In his book *A Landscape with Dragons*, Harry Potter critic Michael O'Brien examines contemporary children's literature and finds it spiritually and morally wanting. His analysis, written before the rise of the popular Potter books and films, anticipates many of the problems Harry Potter critics point to. *A Landscape with Dragons* is a controversial, yet thoughtful study of what millions of young people are reading and the possible impact such reading may have on them. In this study of the pagan invasion of children's culture, O'Brien, the father of six, describes his own coming to terms with the effect it has had on his family and on most families in Western society. His analysis of the degeneration of books, films, and videos for the young is incisive and detailed. Yet his approach is not simply critical, for he suggests a number of remedies, including several tools of discernment for parents and teachers in assessing the

moral content and spiritual impact of this insidious revolution. In doing so, he points the way to rediscovery of time-tested sources, and to new developments in Christian culture. If you have ever wondered why a certain children's book or film made you feel uneasy, but you couldn't figure out why, this book is just what you need. This completely revised, much expanded second edition also includes a very substantial recommended reading list of over 1,000 books for kindergarten through highschool.

the macleod place: *The Complete Pat of Silver Bush Series* Lucy Maud Montgomery, 2022-06-12 The Complete Pat of Silver Bush Series by Lucy Maud Montgomery unfolds the gentle yet profound journey of Patricia Gardiner, a spirited girl whose deep connection to her home and environment shapes her understanding of love, loss, and identity. This enchanting collection, marked by Montgomery's signature lyrical prose and vivid imagery, encapsulates the essence of early 20th-century rural life in Canada, exploring themes of nostalgia and the interplay between nature and human emotion. The series stands as a poignant reflection on the passage of time, as Pat navigates the complexities of growing up while cherishing the memories tethered to Silver Bush, her beloved family home. Lucy Maud Montgomery, renowned for her classic work *Anne of Green Gables*, drew inspiration from her own rural upbringing and familial experiences, infusing her narratives with authentic emotional depth and rich character development. Her keen observations of human nature and the pastoral landscapes of Prince Edward Island provide a backdrop that enhances the evocation of memory and attachment in her writing. Montgomery's commitment to portraying the inner lives of her characters reveals her understanding of universal themes that resonate across generations. This series is a must-read for anyone who appreciates heartfelt storytelling woven with a sense of place and belonging. Montgomery's exploration of Pat's maturation and the bittersweetness of personal growth invites readers to reflect on their own experiences of home, making it a timeless addition to the canon of children's literature and a nourishing experience for all ages.

This narrative history documents how the beef cattle industry responded to the challenges following the end of the open-range era through two world wars and the Great Depression. *Trails and Trials: Markets and Land Use in the Alberta Beef Cattle Industry, 1881-1948* is a story of struggle, victories, and defeats, as a romanticized industry struggled to survive and mature in the real world. It provides a new case study of Canada's economic development and settlement history.

the macleod place: *Southern Hoofprints* Garry Allison, 2015-04-24 One-part lively oral history, one-part meticulously researched encyclopaedia, and one-part wild ride, *Southern Hoofprints* colorfully conveys the story of horse racing in Southern Alberta. And in so doing, it also becomes a fascinating history of the region itself, from the late 1880s through to the present day. From racing's rough, Wild West beginnings to the vast grandstands of modern times, this regional history of the Sport of Kings has been deeply researched and is delivered in a unique and engaging fashion. With wry humour and occasional pulse-throbbing drama, the reader is treated to an intimate perspective on family traditions of husband and wife owners, the dynasties of multi-generational riders, the spectators, and even the horses themselves. The chronicle of the rise of women riders from the trivialized 'powder puff' races to becoming power players on the track, and that of the First Nations people from the early days through to today, make this a completely inclusive history. It tells a

distinctly Canadian story and its focus on the Southern Alberta region allows it to paint the picture in vivid detail. With its historical data enriched and enlivened through the human dimension of the oral histories, Southern Hoofprints entertainingly recounts horse-racing's triumphs, tragedies, and continual reinvention.
