

thou shalt not be aware societys betrayal of the child alice miller

****Thou Shalt Not Be Aware Society's Betrayal of the Child: Alice Miller's Revelations****

thou shalt not be aware societys betrayal of the child alice miller—this phrase captures a haunting truth that Alice Miller, the renowned psychologist and author, meticulously unveiled through her groundbreaking work. Miller's insights shine a harsh light on how society often turns a blind eye to the suffering of children, perpetuating cycles of abuse and silence. Understanding Miller's perspective not only challenges us to reconsider our views on childhood trauma but also calls for a societal transformation in how we protect and honor the experiences of the most vulnerable.

The Heart of Alice Miller's Message

Alice Miller dedicated her life to exposing the hidden realities of childhood pain and the psychological damage caused by abuse and neglect. She argued that society, through its institutions, traditions, and collective denial, effectively enforces a code of silence around child maltreatment. This betrayal—one that society commits against children—forces victims to repress their trauma, leading to long-lasting emotional and psychological scars.

Understanding “Thou Shalt Not Be Aware” in Context

The phrase “thou shalt not be aware” encapsulates a societal imperative to avoid acknowledging uncomfortable truths. According to Miller, this deliberate ignorance serves to protect adults from facing the consequences of their actions or inactions. Parents, educators, religious leaders, and policymakers may unconsciously participate in this betrayal by prioritizing social order, reputation, or tradition over the child's well-being.

Miller emphasized that this widespread denial is not just an individual failing but a systemic problem. It manifests in phrases like “children should obey,” “spare the rod, spoil the child,” or the minimization of emotional and physical abuse. These cultural norms create an environment where the child's voice is suppressed, and awareness of their suffering is actively discouraged.

Societal Structures That Perpetuate the Betrayal

To grasp the depth of society's betrayal of the child, it's essential to recognize the structures that uphold silence and ignorance.

Family Dynamics and the Role of Authority

In many families, especially those with rigid hierarchies, children are expected to conform without question. This dynamic often leads to emotional neglect or abuse being overlooked. Miller argued that authoritarian parenting styles, which rely on control and punishment, can cause profound emotional wounds. When society endorses such parenting as “normal,” it fails the child by ignoring the subtle and overt forms of cruelty.

Education Systems and Institutional Denial

Schools are meant to be safe spaces, yet they sometimes perpetuate the betrayal Miller spoke of. Teachers and administrators may overlook signs of abuse or bullying, either out of ignorance or fear of scandal. Additionally, curricula that do not address emotional literacy or trauma awareness contribute to an environment where children’s suffering remains invisible.

The Legal and Social Services Gap

One of Miller’s key critiques was the inadequacy of child protection laws and social services. Even when abuse is suspected or confirmed, bureaucratic inertia, lack of training, or societal stigma can prevent effective intervention. This systemic failure reiterates the message that children’s pain is not a priority, reinforcing the betrayal.

Psychological Consequences of Society’s Betrayal

Alice Miller’s work delved deeply into the long-term effects of this societal neglect on individuals.

Repression and the Loss of Authentic Self

When children are forced to hide their trauma, they often develop a false self—a mask to survive the emotional pain. Miller believed this repression leads to a disconnection from one’s true feelings and needs, resulting in depression, anxiety, and difficulties in forming healthy relationships.

Cycle of Abuse and Intergenerational Trauma

Without awareness and healing, the betrayal continues across generations. Adults who were betrayed as children may unconsciously replicate abusive patterns, perpetuating the cycle. Miller’s studies highlighted the urgency of breaking this chain through recognition

and validation of childhood suffering.

Breaking the Silence: What Society Can Learn from Alice Miller

The first step toward healing is awareness—a concept central to Miller's philosophy. Society must move beyond denial and actively listen to children's experiences.

Encouraging Emotional Honesty and Validation

Building environments where children feel safe to express their emotions is crucial. Parents, caregivers, and educators can foster openness by acknowledging feelings without judgment and offering consistent support.

Reforming Educational and Legal Systems

Incorporating trauma-informed practices in schools and training professionals to recognize abuse signs can transform institutional responses. Legal reforms should prioritize child welfare with sensitivity and urgency, ensuring protective measures are accessible and effective.

Promoting Self-Awareness and Healing in Adults

Adults who experienced betrayal in childhood can benefit from therapeutic approaches that validate their pain and support recovery. Miller emphasized the power of confronting one's past to reclaim the authentic self and break free from destructive patterns.

The Enduring Legacy of Alice Miller's Work

Alice Miller's courageous exploration of the betrayal society inflicts on children continues to resonate today. Her insistence on confronting uncomfortable truths challenges cultural taboos and compels us to rethink how childhood trauma is perceived and addressed. By embracing her insights, we can work toward a society that no longer enforces the commandment to remain unaware but instead champions empathy, protection, and healing for every child.

In reflecting on the phrase **thou shalt not be aware society's betrayal of the child** **alice miller**, we are reminded that awareness is a powerful catalyst for change. It calls on us to dismantle systems of silence and denial, to honor the voices of children, and to commit to a future where betrayal is replaced with understanding and care. Through this

transformation, Miller's vision can inspire a more compassionate world—one where children are truly seen, heard, and valued.

Frequently Asked Questions

What is the main theme of Alice Miller's 'Thou Shalt Not Be Aware: Society's Betrayal of the Child'?

The main theme of Alice Miller's book is the societal denial and suppression of children's suffering and trauma, emphasizing how society often fails to acknowledge and address child abuse and its long-term psychological effects.

How does Alice Miller describe society's role in the betrayal of children in the book?

Alice Miller argues that society, including families, educational systems, and cultural norms, often colludes in ignoring or minimizing the abuse and pain experienced by children, thereby betraying them by prioritizing social conformity over the child's well-being.

What psychological impact on children does Miller highlight in 'Thou Shalt Not Be Aware'?

Miller highlights that children who are denied acknowledgment of their trauma suffer from long-lasting psychological damage, including repression, loss of self, and difficulties in emotional expression, which can persist into adulthood.

Why does Alice Miller title the book 'Thou Shalt Not Be Aware'?

The title reflects the societal command or unspoken rule that people must remain unaware or in denial about the realities of child abuse, to maintain social order and avoid confronting uncomfortable truths about family and society.

How has 'Thou Shalt Not Be Aware' contributed to the field of child psychology and abuse awareness?

The book has been influential in raising awareness about the hidden nature of child abuse, challenging traditional views that blame the victim, and encouraging a more empathetic and truthful approach to understanding childhood trauma and its effects.

****Thou Shalt Not Be Aware Society's Betrayal of the Child: Alice Miller's Unflinching Examination****

thou shalt not be aware societys betrayal of the child alice miller—this stark phrase encapsulates a profound indictment embedded in the work of Alice Miller, a pioneering figure in the understanding of child abuse and its repercussions on both individual psyche and society at large. Miller's critical investigation into the systemic failure to acknowledge, let alone address, childhood trauma challenges social norms and cultural narratives that often mask the painful realities endured by children. This article delves into the heart of Miller's thesis, exploring how society's collective denial perpetuates cycles of abuse and obstructs healing.

Understanding Alice Miller's Perspective on Society's Betrayal

Alice Miller, a Swiss psychologist and author, is widely recognized for her groundbreaking books such as **The Drama of the Gifted Child** and **For Your Own Good**. Her work centers on the psychological damage caused by child abuse and the ways in which societal structures contribute to the concealment and normalization of such maltreatment. The phrase "thou shalt not be aware societys betrayal of the child alice miller" metaphorically underscores society's implicit command to remain oblivious to the suffering of children.

In Miller's view, societies across cultures have historically prioritized the maintenance of social order and traditional family roles over the emotional well-being of children. This betrayal manifests in various forms—from overt physical and emotional abuse to subtler mechanisms such as denial, minimization, and rationalization of harmful parenting practices. The ingrained belief that "children should be seen and not heard" or that "spare the rod, spoil the child" reflects a systemic disregard for the child's inner world.

The Cultural and Psychological Roots of Denial

One of the most striking features of Miller's analysis is her identification of cultural complicity in perpetuating child abuse. Societies often uphold myths that protect adults from facing uncomfortable truths about their role in children's suffering. For instance:

- **Patriarchal authority:** Traditional family hierarchies place adults in unquestionable positions of power, often silencing children's voices.
- **Taboos surrounding abuse:** Discussing child abuse is frequently stigmatized, reinforcing secrecy and shame.
- **Psychological defense mechanisms:** Denial and repression serve as collective shields, preventing society from acknowledging its failures.

Miller argued that these dynamics contribute to what she called “poisonous pedagogy,” a system where children are subjected to harmful discipline disguised as education or moral instruction. The societal obedience demanded by these systems ensures that the child’s trauma is overlooked or dismissed.

Implications of Societal Denial on Child Development and Adult Psychopathology

The consequences of society’s betrayal are far-reaching, affecting individuals well beyond childhood. Miller’s research links the suppression of childhood pain to various psychological disorders and dysfunctional behaviors in adulthood. This connection has been corroborated by contemporary studies in trauma psychology and neurodevelopment, which highlight the lasting impact of adverse childhood experiences (ACEs).

Adults who have endured unacknowledged abuse often grapple with:

- Chronic depression and anxiety
- Difficulty forming authentic relationships
- Self-destructive behaviors and addictions
- Repetition of abusive patterns in their own parenting

By insisting “thou shalt not be aware societys betrayal of the child alice miller,” society inadvertently perpetuates these cycles, as the root causes remain unaddressed. The failure to validate the child’s experience fosters a culture of silence that impedes both personal healing and social reform.

Comparative Analysis: Alice Miller and Contemporary Trauma Theories

Miller’s insights align with but also diverge from mainstream trauma theories. While many psychologists recognize the detrimental effects of abuse, Miller uniquely emphasizes the societal complicity in enabling abuse through collective denial. For example, unlike Freud, who initially pathologized the child’s memories, Miller advocated for the authenticity of the child’s pain, rejecting psychoanalytic tendencies to dismiss or reinterpret traumatic events.

Modern trauma-informed care increasingly acknowledges Miller’s points by promoting awareness of childhood trauma’s roots and advocating for compassionate, non-judgmental therapeutic approaches. However, Miller’s call to dismantle societal taboos remains a

challenging frontier, as cultural resistance to confronting uncomfortable truths persists.

Society's Role in Healing or Perpetuating Childhood Trauma

Given the gravity of societal betrayal described by Miller, the question arises: how can communities and institutions shift from complicity to accountability?

Features of an Aware and Responsive Society

- **Education and Awareness:** Incorporating childhood trauma education into schools and public discourse to break cycles of ignorance.
- **Legal and Policy Reforms:** Enforcing stronger child protection laws and ensuring perpetrators are held accountable.
- **Support Systems:** Providing accessible mental health resources for survivors of abuse.
- **Parental Guidance:** Promoting non-violent and empathetic parenting methods as mainstream practices.

When these measures are implemented, society can begin to dismantle the “thou shalt not be aware society's betrayal of the child Alice Miller” mandate and foster environments where children's rights and emotional safety are prioritized.

Challenges and Resistance

Despite the clear benefits of such reforms, numerous obstacles remain:

- **Entrenched Cultural Norms:** Deep-seated beliefs about discipline and authority often hinder change.
- **Institutional Inertia:** Bureaucratic resistance and lack of resources delay the implementation of supportive measures.
- **Victim Blaming and Stigma:** Survivors may be marginalized or disbelieved, perpetuating silence.

Alice Miller's work serves as a clarion call to confront these challenges head-on, emphasizing that societal awareness is the first step toward meaningful transformation.

The Lasting Legacy of Alice Miller's Work

More than three decades after her seminal publications, Alice Miller's message remains profoundly relevant. The ongoing global conversations about child abuse, trauma-informed education, and mental health owe much to her fearless exploration of difficult truths. Her insistence that society must no longer turn a blind eye to the betrayal of children challenges not only professionals in psychology but also policymakers, educators, and the public.

By grappling with the uncomfortable reality embedded in "thou shalt not be aware society's betrayal of the child Alice Miller," societies have the opportunity to rewrite their narratives—transforming from enablers of silence into champions of healing and justice. This transformation requires sustained commitment, empathy, and the courage to dismantle long-standing taboos that have shielded abuse from scrutiny.

In this light, Miller's work is not merely an academic critique but a moral imperative urging collective awakening. Her legacy invites ongoing dialogue and action to ensure that children are no longer betrayed by the very societies that should protect them.

[Thou Shalt Not Be Aware Society's Betrayal Of The Child Alice Miller](#)

thou shalt not be aware society's betrayal of the child Alice Miller: Thou Shalt Not Be Aware Alice Miller, 1991-10-31

thou shalt not be aware society's betrayal of the child Alice Miller: The Child's Song Donald Capps, 1995-01-01 Theological ideas and biblical injunctions have frequently been employed to legitimate the physical abuse of children. Some theological ideas are inherently abusive because they create fear in a child's mind, causing a child to feel alone, odd, and of little worth. Donald Capps exposes the abuses that theology and the Bible have inflicted on vast numbers of children. In particular, he is concerned with the hidden abuses of children by well-intentioned adults and the role that religion plays in the legitimization of these abuses.

thou shalt not be aware society's betrayal of the child Alice Miller: *Psyche and Text* Henry Sussman, Professor Henry Sussman, 1993-01-01 Sussman here explores the relevance and value of object-relations theory to literature and literary studies. His study of character treats literature as a medium in which important relationships to conceptualized others--artifacts, mentors, activities, and schools of thought--are being worked through. Although rooted in the psychoanalytical model, this book is ultimately a study of character and of the conditions of subjectivity and intellectual work in the contemporary world. No background in literature or psychoanalysis is necessary for its understanding and productive use. Beginning his study of character with Sophocles' *The Antigone* and Shakespeare's *Othello*, Sussman then goes on to locate the underpinnings of twentieth-century notions of the grandiose and of subjective emptiness in the Romantic exploration of the sublime. Discussions of characterization in Kafka, Joyce, and Beckett lead to an extended reading of Musil's *A*

Man Without Qualities. To show the increasing awareness of narcissistic psychopathology in contemporary popular culture, Sussman also includes readings of *Citizen Kane* and *The Silence of the Lambs*.

thou shalt not be aware societys betrayal of the child alice miller: Child Abuse in Freud's Vienna Larry Wolff, 1995 On the cusp of the twentieth century, in the most cosmopolitan city in the world, there a sensation that entranced the city's populace as nothing had before—a sensation that cast a great and disturbing shadow over the city, and then vanished, leaving no more trace than a shadow would. *Child Abuse in Freud's Vienna* is the story of that forgotten sensation in this fabled city. In the autumn of 1899, Vienna's attention was focused not on its extraordinary cultural life, but on child abuse—specifically, two cases of child murder and two of abuse. While Sigmund Freud was anxiously awaiting the publication of *The Interpretation of Dreams*, in which he first theorized about the Oedipal hostilities between parents and children, every day's headlines proclaimed the ugly reality of child abuse. Focusing on the four cases that dominated the pages of the newspapers, Larry Wolff's riveting narrative paints a picture of a great city enthralled by a spectacle it desperately wished to ignore.

thou shalt not be aware societys betrayal of the child alice miller: An Unfinished Work Jutta Morris, 2009-04-28 Theoretical analysis of these life stories and situations will appeal to both scholars of psychology and persons seeking a deeper understanding of the intricate workings of the psyche. Witness the psychopathology that emanates from the brokenness of the human spirit as Jutta Morris offers an overwhelmingly insightful read. Feed your intellect with an anthology of research and clinical case work that examines the making of the human psyche. Unravel some of life's complexities as Jutta Morris deconstructs the myth of childhood resilience and analyzes the lasting effects of parental abuse. Discover revealing truths about the Battered Woman Syndrome with Morris' intellectual and engaging analysis from clinical encounters. Embark on an investigative journey with "An Unfinished Work—The therapy process of life"

thou shalt not be aware societys betrayal of the child alice miller: Erotic Attunement Cristina L. H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context. This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them.

thou shalt not be aware societys betrayal of the child alice miller: Welcoming Children Joyce Ann Mercer, 2005-11-01 This book develops a theology of childhood both from a theoretical basis in biblical theology (especially the gospel of Mark) and practical experience in children and youth ministry. Mercer builds on classical theologians such as Augustine, Calvin, Barth, and Rahner as well as modern feminist theologians such as Brock and Russell. She gains insights from pastoral theologians such as Capps and Couture and from contemporary cultural criticism. Mercer challenges approaches to educational and liturgical practices with children in congregations that segregate children from the rest of the church and its key practices of service, mission, worship, care, and learning. She reframes ministries with children as processes through which the church as a community of practice forms children into an alternative identity that resists surrounding consumerist culture and walks in the ways of Jesus. This book offers strategies for educational practices with children in congregations as it seeks to address the question, What might educational practices that welcome children and contribute to their flourishing look like in the context of a faith community where children's learning happens in collaboration with experienced practitioners of faith? Outlining a feminist practical theology of childhood, it explores five basic theological claims: (1) children as gifts and parenting as a religious practice of stewardship; (2) welcoming those who welcome and care for children; (3) children as already fully human; (4) children as part of the purposes of God; and (5) acknowledging and transforming the sufferings of children.

thou shalt not be aware societys betrayal of the child alice miller: Contemporary Family Law Susan S. M. Edwards, Judith Bray, 2025-01-21 Taking a fresh and modern approach, *Contemporary Family Law: Principles and Practice* gives students all the information they need to

develop a clear understanding of this fascinating area of the law. Covering the very latest developments in family law, each chapter uses contemporary cases as a window to introducing core legal concepts, principles and developments, emphasising the dynamism and evolving nature of family law, in which practitioners, campaigners, law reformers and students all play their part. Key features include: Developments in family law are considered not only from a vantage point of judicial decision making but also from the perspective of the contribution made by solicitors, barristers and experts. This encourages students to develop a sense of their own potential agency when as future practitioners they represent their clients and engage in law reform In considering legal argument and case determination, the book places equality front and centre, including access to justice Each chapter provides further reading with online links and URLs and a set of self-test questions, including problem scenarios and discursive essay questions. Each form of assessment reflects the levels of educational attainment and mirrors testing techniques relevant to academic examination and legal professional and vocational practice courses This uniquely contemporary textbook will be essential reading for all students of family law.

thou shalt not be aware societys betrayal of the child alicie miller: *Leaving the Fold* Marlene Winell, 2006 Have you been harmed by toxic religion? Learn how to recover and reclaim your life. Psychologist Marlene Winell is uniquely qualified to address the subject of this book. In addition to her personal experience with leaving fundamentalist religion, she has worked with clients recovering from religion for 28 years. She is known for coining the term Religious Trauma Syndrome. *Leaving the Fold* is a self-help book that examines the effects of authoritarian religion (fundamentalist Christianity in particular) on individuals who leave the faith. The concrete steps for healing are useful for anyone in recovery from toxic religion. In this book you'll discover: - what you can expect about stages of religious recovery - information about the key issues of recovery - relevant family dynamics - the power of manipulations - motivations for belonging and for leaving religion - specific steps for healing and reclaiming life - further steps for rebuilding life in the present *Leaving the Fold* is the only self-help psychology book on the subject of religious recovery. The accessible, compassionate writing is ideal for the reader who needs clear information and concrete help. Buy *Leaving the Fold* and begin your healing journey today

thou shalt not be aware societys betrayal of the child alicie miller: *Why Feminism?* Lynne Segal, 2015-03-30 This major new book explores the peculiar place of feminism in contemporary culture.

thou shalt not be aware societys betrayal of the child alicie miller: *Obsession and Culture* Andrew Brink, 1996 Many twentieth-century novelists speak for a male psycho-class needing imaginative externalization of obsessive sexual fantasies of control of women. Attraction, avoidance, and guilt are powerful motivators for writers and readers alike, and the moral ambiguity of serial monogamy, as well as other forms of exploitative sexuality, prompt certain writers to construct symbolic expiation and repair in fiction.

thou shalt not be aware societys betrayal of the child alicie miller: *Home Truths About Child Sexual Abuse* Catherine Itzin, 2005-06-28 *Home Truths About Child Sexual Abuse* brings together the findings of research and clinical work by leading figures in the UK and USA. It makes visible the prevalence of sexual abuse and exploitation of children by normal, ordinary, heterosexual family men, both within and outside the family. Comprehensive and multidisciplinary in approach, it covers the many different aspects of child sexual abuse including: *phenomenology *definitions and terminology *epidemiology *explanatory frameworks *concepts and theory *the contribution of radical feminism *constructs, classifications and typologies *policy *treatments *multi-disciplinary and multi-agency work *medical advice *gender issues *criminal justice. The book provides the evidence and knowledge base necessary to begin to achieve effective prevention. It offers professionals, researchers and policy makers an invaluable source of reference and an informed basis for action.

thou shalt not be aware societys betrayal of the child alicie miller: *The Death of Character* James Davison Hunter, 2008-01-04 *The Death of Character* is a broad historical,

sociological, and cultural inquiry into the moral life and moral education of young Americans based upon a huge empirical study of the children themselves. The children's thoughts and concerns-expressed here in their own words-shed a whole new light on what we can expect from moral education. Targeting new theories of education and the prominence of psychology over moral instruction, Hunter analyzes the making of a new cultural narcissism.

thou shalt not be aware societys betrayal of the child alice miller: Giving The Love That Heals Harville Hendrix, Helen Hunt, 1998-08 The authors bring us to a new understanding of the most profound love of all -- by helping parents nurture their own development as they encourage emotional wholeness in their children. -- Publishers description.

thou shalt not be aware societys betrayal of the child alice miller: The Futures of American Studies Robyn Wiegman, Donald E. Pease, 2002-10-21 A state of the art portrait of the field of American studies--its interests and methodologies, its interactions with the social and cultural movements it describes and attempts to explain, and a compendium of likely directions the field will take in the f

thou shalt not be aware societys betrayal of the child alice miller: The Neutered Mother, The Sexual Family and Other Twentieth Century Tragedies Martha Albertson Fineman, 2014-04-04 Calling for nothing less than a radical reform of family law and a reconception of intimacy, *The Neutered Mother, The Sexual Family, and Other Twentieth Century Tragedies* argues strongly against current legal and social policy discussions about the family because they do not have at their core the crucial concepts of caregiving and dependency, as well as the best interests of women and children. *The Neutered Mother* scrutinizes the definitions of family and mother throughout the volume while paying close attention to issues of race, class and sexuality. In addition, Fineman convincingly contests society's refusal to dignify, support and respond to the needs of caregivers and illustrates the burden they must bear due to this treatment. This book is a crucial step toward defining America's most pressing social policy problems having to do with women, motherhood and the family.

thou shalt not be aware societys betrayal of the child alice miller: Childhood in the Works of Silvina Ocampo and Alejandra Pizarnik Fiona Joy Mackintosh, 2003 In the final analysis, Ocampo's works achieve equilibrium between childhood and age, whereas Pizarnik's much-discussed poetic crisis of exile from language itself parallels her deep sense of anxiety at being exiled from the world of childhood.--BOOK JACKET.

thou shalt not be aware societys betrayal of the child alice miller: Toward Truth Daniel Mackler, 2010-01-15 *Toward Truth* offers the reader a radical psychological guide to healing childhood trauma both the extreme echelon of damage that the world recognizes as trauma and the other 99% that flies below the radar and is considered normal. Daniel Mackler sides with the truth of the child, not the lies of the parents, and traces the roots of trauma to the family. *Toward Truth* takes the groundbreaking work of psychologist Alice Miller to the next level, and in so doing offers a vision of deep, permanent, non-dissociative hope.

thou shalt not be aware societys betrayal of the child alice miller: The Rape of Innocence Patricia Robinett, 2006

thou shalt not be aware societys betrayal of the child alice miller: Sacrifice and Atonement Stephen Finlan, 2016-06-03 Beneath the commonplace affirmation that Jesus "paid for our sins" lie depths of implication: did God demand a blood sacrifice to assuage divine anger? Is sacrifice (consciously or unconsciously) intended to induce the deity to show favor? What underlies the various metaphors for atonement used in the Bible? Here, Stephen Finlan surveys psychological theories that help us to understand beliefs about sacrifice and atonement and what they may reveal about patterns of injury, guilt, shame, and appeasement. Early chapters examine the language in both testaments of purity and the "scapegoat," and of payment, obligation, reciprocity, and redemption. Later chapters review theories of the origins of atonement thinking in fear and traumatic childhood experience, in ambivalent or avoidant attachment to the parents, and in "poisonous pedagogy." The theories of Sandor Rado, Mary Ainsworth, Erik Erikson, and Alice Miller

are examined, then Finlan draws conclusions about the moral responsibility of appropriating or rejecting atonement metaphors. His arguments bear careful consideration by all who live with these metaphors and their effects today.
