The Role of Gender and Perspective in Spanish Love Poetry

An important aspect to consider is how gender influences the tone and style of poems about love for him in Spanish. Traditionally, many classic Spanish love poems were written from a male perspective addressing a female beloved. However, the increasing visibility of diverse voices, including female and LGBTQ+ poets, has broadened the scope of love poetry to include female-to-male expressions of love.

This shift allows for a fresh exploration of masculine identity and emotional openness in poetry. poems about love for him in spanish: Arabic and Hebrew Love Poems in Al-Andalus

Shari Lowin, 2013-11-20 Arabic and Hebrew Love Poems in al-Andalus investigates a largely overlooked subset of Muslim and Jewish love poetry in medieval Spain: hetero- and homo-erotic love poems written by Muslim and Jewish religious scholars, in which the lover and his sensual experience of the beloved are compared to scriptural characters and storylines. This book examines the ways in which the scriptural referents fit in with, or differ from, the traditional Andalusian poetic conventions. The study then proceeds to compare the scriptural stories and characters as presented in the poems with their scriptural and exegetical sources. This new intertextual analysis reveals that the Jewish and Muslim scholar-poets utilized their sacred literature in their poems of desire as more than poetic ornamentation; in employing Qur'ānic heroes in their secular verses, the Muslim poets presented a justification of profane love and sanctification of erotic human passions. In the Hebrew lust poems, which utilize biblical heroes, we can detect subtle, subversive, and surprisingly placed interpretations of biblical accounts. Moving beyond the concern with literary history to challenge the traditional boundaries between secular and religious poetry, this book provides a new, multidisciplinary, approach to existing materials and will be of interest to students, scholars and researchers of Islamic and Jewish Studies as well as to those with an interest in Hebrew and Arabic poetry of Islamic Spain.

poems about love for him in spanish: *A New History of Spanish Literature*

Richard E. Chandler, Kessel Schwartz, 1991-09-01 First published in 1961, *A New History of Spanish Literature* has been a much-used resource for generations of students. The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years. Richard E. Chandler and Kessel Schwartz, both longtime students of the literature, write authoritatively about every Spanish literary work of consequence. From the earliest extant writings though the literature of the 1980s, they draw on the latest scholarship. Unlike most literary histories, this one treats each genre fully in its own section, thus making it easy for the reader to follow the development of poetry, the drama, the novel, other prose fiction, and nonfiction prose. Students of the first edition have found this method particularly useful. However, this approach does not preclude study of the literature by period. A full index easily enables the reader to find all references to any individual author or book. Another noteworthy feature of the book, and one omitted from many books of this kind, is the comprehensive attention the authors accord nonfiction prose, including, for example, essays, philosophy, literary criticism, politics, and historiography. Encyclopedic in scope yet concise and eminently readable, the revised edition of *A New History of Spanish Literature* bids fair to be the standard reference well into the next century.

poems about love for him in spanish: Arab Nationalism

Peter Wien, 2017-02-10 This book sheds light on cultural expressions of Arab Nationalism and the contradictory meanings often attached to it. It presents nationalism as an experienceable set of identity markers – in stories, visual culture, narratives of memory and struggles with ideology. Using case studies, the book transcends a conventional history that reduces nationalism in the Arab lands to a pattern of political rise and decline. It suggests Arabs have constructed an identifiable shared national culture, and it critically dissects conceptions about Arab nationalism as an easily graspable secular and authoritarian

ideology modelled on Western ideas and visions of modernity.

poems about love for him in spanish: Autobiographical Poetry in England and Spain, 1950-1980 Menotti Lerro, 2017-03-07 The volume traces the founding critical theories of the autobiographical genre, from the Enlightenment period to the most recent developments, which, since the Sixties and the essays of Roy Pascal and Jean Starobinski, have had a greater and greater influence. It offers – in contrast to the essential, and by now classic, definition of Philippe Lejeune – an increased effectiveness of the poem to express the narrative purposes of autobiography, recognizing poetic writing that has the extraordinary ability to say what “the mortal language does not say,” to quote Leopardi. The works of Seamus Heaney, Thom Gunn, Carlos Barral and Jaime Gil de Biedma are analyzed here, and show an unveiling of the self through memories, places and objects that often characterize them and that allow, to whomever recalls one’s own experience through writing, the recovery and restoration of essential meanings to the reconstruction not only of subjective identity, but also of one’s own community.

poems about love for him in spanish: Political Poetry in the Wake of the Second Spanish Republic Grant D. Moss, 2017-12-06 From notions of art for art’s sake to committed poetry, it may seem that poets cannot achieve reconciliation between the politics and poetry. However, among committed Communist poets of the 20th century of the Spanish-speaking world, three poets stand out as examples of a search to bring together their political and their poetic commitments: Rafael Alberti, Nicolás Guillén, and Pablo Neruda. *Political Poetry in the Wake of the Second Spanish Republic* analyzes the simultaneous development of politics and poetics in these three Spanish-language poets as it was nurtured by the Second Spanish Republic (1931-1939). Beginning in these years, Alberti, Guillén, and Neruda strove to tackle the challenge of committing to their own independent poetic projects and to their politics at the same time. Later, these three poets maintained their Communist Party affiliation until their deaths and produced collection after collection of quality poetry. Despite the differences in their overall poetic trajectories and projects, the ability to maneuver between politics and poetry without sacrificing either one is common among them. Because of their unique experiences during the time of the Second Spanish Republic in Spain, each author explicitly denounced the injustices that the opposing Franquist forces had committed against the Republic. After the fall of the Republic in 1939, Alberti, Guillén, and Neruda continued to intertwine their politics with their poems only in a less obvious manner. Therefore, each could solidify his position within the poetic canon while at the same time each could maintain his position as a committed (or at least card-carrying) Communist.

poems about love for him in spanish: *Conversos, Inquisition, and the Expulsion of the Jews from Spain* Norman Roth, 2002-09-02 The Jewish community of medieval Spain was the largest and most important in the West for more than a thousand years, participating fully in cultural and political affairs with Muslim and Christian neighbors. This stable situation began to change in the 1390s, and through the next century hundreds of thousands of Jews converted to Christianity. Norman Roth argues here with detailed documentation that, contrary to popular myth, the conversos were sincere converts who hated (and were hated by) the remaining Jewish community. Roth examines in depth the reasons for the Inquisition against the conversos, and the eventual expulsion of all Jews from Spain. “With scrupulous scholarship based on a profound knowledge of the Hebrew, Latin, and Spanish sources, Roth sets out to shatter all existing preconceptions about late medieval society in Spain.”—Henry Kamen, *Journal of Ecclesiastical History* “Scholarly, detailed, researched, and innovative. . . . As the result of Roth’s writing, we shall need to rethink our knowledge and understanding of this period.”—Murray Levine, *Jewish Spectator* “The fruit of many years of study, investigation, and reflection, guaranteed by the solid intellectual trajectory of its author, an expert in Jewish studies. . . . A contribution that will be particularly valuable for the study of Spanish

medievalism.”—Miguel Angel Motis Dolader, *Anuario de Estudios Medievales*

poems about love for him in spanish: Spanish Poetry of the Grupo Poético de 1927 Geoffrey Connell, 2014-05-17 Spanish Poetry of the Grupo Poético de 1927 is an anthology of poems by members of Grupo Poético de 1927, an association of poets who sought to detach poetry from non-poetic elements such as narrative, anecdote, political or social preoccupations, or didacticism. Seven poets are represented: Pedro Salinas, Jorge Guillén, Gerardo Diego, Federico García Lorca, Vicente Aleixandre, Rafael Alberti, and Luis Cernuda. This text consists of eight chapters and begins with an introduction to changing trends in poetry in Spain between 1918 and the present. Biographical notes are included to show the effect (or lack of effect) of these movements on the individual poets. Movements such as ultraismo and maestría are discussed, along with the tercentenary of the death of Spanish poet Luis de Góngora, the crisis suffered by the Grupo, and late developments in the poets of the Grupo. The chapters that follow focus on the works of the Grupo poets. This book is written specifically for sixth-formers and undergraduates, as well as anyone with an interest in Spanish poetry.

poems about love for him in spanish: Close Reading for the Twenty-First Century Dan Sinykin, Johanna Winant, 2025-10-21 A user's guide to the fundamental practice of literary studies, providing context, examples, and practical exercises Close reading—making an argument based in close attention to a text—is the foundation of literary studies. This book offers a guide to close reading, treating it as a skill that can be taught and practiced. It first explains what close reading is, what it does, and how it has been used across theoretical schools ranging from affect studies to Black studies to queer theory to Marxism. It then presents a series of master classes in the practice, with original contributions by scholars from a range of different institutions. Finally, it provides practical materials, worksheets, and suggested activities for instructors to use in the classroom. The tone throughout is encouraging and accessible, inviting readers of all backgrounds to hone their craft. The book divides the practice of close reading into five steps, coining a term for each step: scene setting, noticing, local claiming, regional argumentation, and global theorizing. It traces the roots of close reading, showing how it has spread far beyond its origins in practical criticism and New Criticism. In twenty-one short chapters, contemporary scholars discuss close readings by such prominent literary critics as Erich Auerbach and Helen Vendler, describing how their arguments work and how to achieve similar results. An essential resource for instructors and students at the undergraduate level and beyond, this book shows how understanding close reading can make us better readers, thinkers, and writers.

same composer, Orringer enriches and deepens interpretations of the art-songs by comparing the poet's vision to the composer's. In examining composers such as Falla, Turina, Mompou, Toldrà, Rodrigo, Montsalvatge, and Rodolfo Halffter, Orringer shows that Spanish art-song is an exceptional product of Spain's Silver Age and reveals a new way to understand and appreciate poems set to music in twentieth-century Spain.
