jay jay the jet plane characters: Barnstorming Ohio David Giffels, 2020-08-25 An

on-the-ground look at the diverse challenges facing Ohio, in light of its national significance as the state that has aligned with presidential election winners more than any other -- from an award-winning author and essayist dubbed the Bard of Akron (New York Times). The question of America's identity has rarely been more urgent than now, and no American place has ever been more reflective of that identity than Ohio. David Giffels, a lifelong resident of the bellwether state, has spent a quarter century writing and thinking about what it means to live in what he calls an all-American buffet, an uncannily complete everyplace. With Cleveland as the end of the North, Cincinnati as the beginning of the South, Youngstown as the end of the East, and Hicksville (yes, Hicksville) as the beginning of the Midwest, Ohio offers important insight into the state of the nation. As a historic 2020 presidential election approaches, *Barnstorming Ohio* is Giffels' account of a year on Ohio's roads, visiting people and places that offer valuable reflections of the national questions and concerns, as well as astounding electoral clairvoyance -- since 1896, Ohio has accurately chosen the winner in twenty-nine of thirty-one presidential elections, more than any other state. With lyricism and a native's keen eye, *Barnstorming Ohio* takes readers into the living room of a man whose life was upended just shy of retirement by General Motors' shutdown of its Lordstown assembly plant. It offers an exclusive view into the presidential campaign of Ohio Democratic hopeful Tim Ryan. It takes us into the sodden soybean fields of farmers struggling to outlast the dual punch of a protracted trade war and historic rainfall, and to an indie rock music festival in Dayton a week after a mass shooting there. We enter the otherworld of long-dormant shopping malls as Amazon transforms them into vast new fulfillment centers. On the lighter side, Giffels makes a beer run into Ohio's booming craft brewing industry and revisits the legend (and the bird-nest toupee) of Jim Traficant, a larger-than-life Ohio politician whom many have called the proto-Trump. In a year when Americans are seeking answers, *Barnstorming Ohio* offers rare and carefully nuanced access to the people who have always held them.

jay jay the jet plane characters: Packaging Girlhood Sharon Lamb, Lyn Mikel Brown, 2025-06-25 The stereotype-laden message, delivered through clothes, music, books, and TV, is essentially a continuous plea for girls to put their energies into beauty products, shopping, fashion, and boys. This constant marketing, cheapening of relationships, absence of good women role models, and stereotyping and sexualization of girls is something that parents need to first understand before they can take action. Lamb and Brown teach parents how to understand these influences, give them guidance on how to talk to their daughters about these negative images, and provide the tools to help girls make positive choices about the way they are in the world. In the tradition of books like *Reviving Ophelia*, *Odd Girl Out*, *Queen Bees* and *Wannabees* that examine the world of girls, this book promises to not only spark debate but help parents to help their daughters.
